| <b>Vehicle</b>                 | Own, maintain domestic trucks, ATVs                                               |

## About this segment

# Small Town Sincerity

This is the

**#1**

dominant segment  
for this area

In this area

**100.0%**

of households fall  
into this segment

In the United States

**1.8%**

of households fall  
into this segment

## An overview of who makes up this segment across the United States

### Who We Are

Small Town Sincerity includes young families and senior householders that are bound by community ties. The lifestyle is down-to-earth and semirural, with television for entertainment and news, and emphasis on convenience for both young parents and senior citizens. Residents embark on pursuits including online computer games, renting movies, indoor gardening, and rural activities like hunting and fishing. Residents keep their finances simple—paying bills in person and avoiding debt.

### Our Neighborhood

- Reside in small towns or semirural neighborhoods, mostly outside metropolitan areas.
- Homes are a mix of older single-family houses (61%), apartments, and mobile homes.
- Half of all homes are owner-occupied. Median home value of \$92,300 is about half the US median.
- Average rent is \$639.
- This is an older market, with half of the householders aged 55 years or older, and predominantly single-person households

### Socioeconomic Traits

- Education: 67% with high school diploma or some college.
- Labor force participation lower at 52%, which could result from lack of jobs or retirement.
- Income from wages and salaries, Social Security or retirement, increased by Supplemental Security Income.
- Price-conscious consumers that shop accordingly, with coupons at discount centers.
- Connected, but not to the latest or greatest gadgets; keep their landlines.
- Community-oriented residents; more conservative than middle-of-the-road.
- Rely on television or newspapers to stay informed.

### Market Profile

- Small Town Simplicity features a semirural lifestyle, complete with domestic trucks and SUVs, ATVs, and vegetable gardens.
- Residents enjoy outdoor activities like hunting and fishing as well as watching NASCAR and college football and basketball on TV.
- A large senior population visit doctors and health practitioners regularly.
- However, a largely single population favors convenience over cooking, frozen meals and fast food.
- Home improvement is not a priority, but vehicle maintenance is.

The demographic segmentation shown here can help you understand the lifestyles and life stages of consumers in a market. Data provider Esri classifies U.S. residential neighborhoods into 67 unique market segments based on socioeconomic and demographic characteristics. Data Source: Esri 2024. Update Frequency: Annually.

## About RPR (Realtors Property Resource)

- Realtors Property Resource® is a wholly owned subsidiary of the National Association REALTORS®.
- RPR offers comprehensive data – including a nationwide database of 164 million properties – as well as powerful analytics and dynamic reports exclusively for members of the NAR.
- RPR's focus is giving residential and commercial real estate practitioners, brokers, and MLS and Association staff the tools they need to serve their clients.
- This report has been provided to you by a member of the NAR.

## About RPR's Data

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- **Listing data** from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.
- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records.
- **Market conditions and forecasts** based on listing and public records data.
- **Census and employment data** from the U.S. Census and the U.S. Bureau of Labor Statistics.
- **Demographics and trends data** from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.
- **Business data** including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.
- **School data and reviews** from Niche.
- **Specialty data sets** such as walkability scores, traffic counts and flood zones.

## Update Frequency

- Listings and public records data are updated on a continuous basis.
- Charts and statistics calculated from listing and public records data are refreshed monthly.
- Other data sets range from daily to annual updates.
